

Exploring Thai Agriculture

Kamphaeng Saen Campus

Only 90 km to the northwest of Bangkok located the largest campus of Kasetsart University. With its area of over 1200 ha that surrounded by the diversity of agro-resources of the western Thailand, Kamphaeng Saen (KPS) is therefore an agriculture-oriented campus where education and research in agricultural science and technology are intensively taken place. Tranquility inside the campus but rich in academic activities provides environment suitable for students to study.

Academic program

Three faculties: Agriculture-KPS, Engineering-KPS, and Education and Development Sciences have cooperated to offer a course module in English that provide multidisciplinary approach of learning ranging from agricultural production, technology and extension in the unique context of Thailand.

Exchange students may enroll 9–21 credits in a semester (15 weeks) by selecting from the following subjects:

Code	Course	Credit
02029211	Economic Field Crops	3
02037425	Soiless Culture of Horticultural Crops	3
02028471	Soil management	3
02033301	Modern Thai Livestock Production	3
02032465	Computer in Agricultural Extension Work	3
02201418	Power and Agricultural Machinery Management	3
02201441	Agricultural Systems Engineering	3
02201494	Oversea Internship on Agricultural and Biosystems Engineering	1
02207211	Introduction to Irrigation Engineering	3
02207321	Design of Farm Irrigation Systems	3
02212462	Quality Control in Food Industry	3
02212465	Food Machinery Maintenance Engineering	3
02181441	Planning of Programs and Activities in Agricultural and Environmental Education	3
02181471	Environmental Management in Community	3
02181483	Indigenous Knowledge in Agriculture and Environment	3
02xxx497	Seminar	1

Internship program

Experiencing real-world working in Thailand environment might be challenging for oversea students. Exchange students are encouraged to take an internship program with our partners according to their preference for one semester (6 credits)

Week	Activity
1-2	Orientation
3-7	Internship
8	Progress report & Field trip
9-14	Internship (cont.)
15	Wrap up presentation

Our partners for students' internship

- Agricultural research institutes/stations
- Sugarcane/cassava/rice industries
- Food process industry
- Animal feed industry
- Plant seed industry
- Agricultural machinery manufacturers
- Biomass & Bioenergy industry
- Dam and Irrigation control facilities
- Governmental organizations for agricultural promotion

Assessment criteria

A student will be evaluated based on learning performance and total outcome considering from the results of assignments, presentation, behavioral observation, examination, and response from host partner. A final grade will be given according to Kasetsart University Grading System.

Campus life & Student support

- International Affairs Division-KPS
- International Dormitory
- International Student Club (ISC)
- Canteens & Restaurants
- Sports Center
- Central/Faculty Libraries
- Wifi internet access
- Bangkok–Kamphaeng Saen transportations
- Banks & Post office

Application

- A complete application form
- A copy of passport
- A photo (passport size and taken within 6 months)
- A motivation letter
- A recommendation letter from home university
- Curriculum vitae
- Transcript
- A proof of English proficiency (for non-native English speakers)
- A copy of health & travel insurances

Academic calendar

- First semester: January – May
- Second semester: August – December

Tuition fee

60,000 THB
