		(b) Participate in one of the monthly events organized by Tokyo Tech (dates TBA).
Language Requirement	High-level English ability is required for conducting research and communicating with laboratory colleagues. * Submission of official test scores such as TOEFL, TOEIC, IELTS, etc. is strongly recommended.	High-level English or Japanese ability is required for taking courses. *Submission of official test scores such as TOEFL, TOEIC, IELTS, etc. is strongly recommended. *An official Japanese Language Proficiency Test (JLPT) result or equivalent document is required for undergraduate program students except for those in their final year.
Eligibility for JASSO Scholarship	According to JASSO's regulations. The number of JASSO scholarship recipients is limited, and recipient selection will be made by Tokyo Tech. Monthly Stipend: JPY 80,000	Those starting their enrollment in either April or October and lasting from 2 quarters (a semester) to 4 quarters (a year) According to JASSO's regulations. The number of JASSO scholarship recipients is limited, and recipient selection will be made by Tokyo Tech. Monthly Stipend: JPY 80,000
How to Find an Academic Supervisor at Tokyo Tech	Applicants are required to contact a desired academic supervisor directly, and obtain approval before applying for the program. *Applicants for the Department of Architecture and Building Engineering are required to submit their CV and portfolio via the online application system. As academic supervisors will be arranged by Tokyo Tech, applicants must not contact potential supervisors directly.	Applicants are required to contact an ACAP Specialized faculty member by referring to the list provided by Tokyo Tech within a set period of time. However, some Departments with many applicants may exceed their limit and will not accept any. *Applicants for the Department of Architecture and Building Engineering are required to submit their CV and portfolio via the online application system. For those who apply for the Department of Architecture and Building Engineering, this process is done by the International Student Exchange Division on their behalf, thus, no need to contact supervisors directly.
